

Dekati®

Fine Particle Measurement Solutions

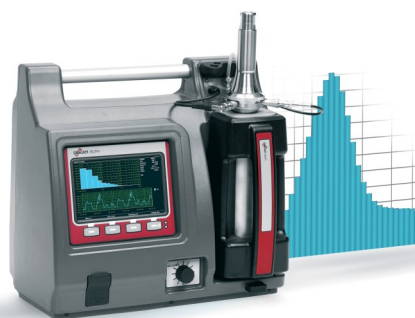

Dekati® ePNC™

- ▶ Compact particle number (PN) sensor
- ▶ Easy integration in emission monitoring devices
- ▶ Robust design with consistent performance

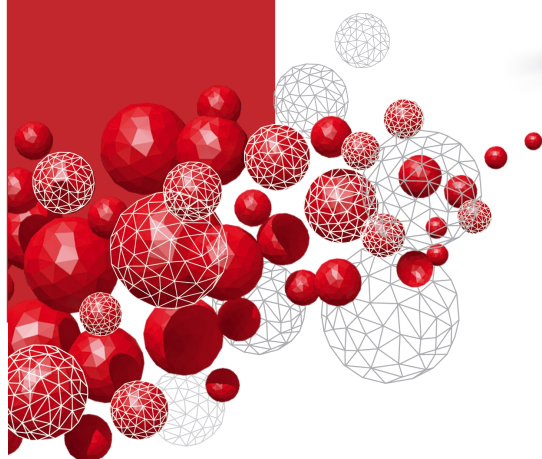

Dekati® MPEC+™

- ▶ Mobile Particle Emission Counter for PEMS measurements
- ▶ Fast, accurate particle number (PN) counting
- ▶ Based on certified ePNC™ technology

Dekati® ELPI®+ product line

- ▶ Real-time particle size distribution
6 nm—10 µm in up to 500 size classes
- ▶ 10 Hz sampling rate
- ▶ Direct sampling from up to 180 °C
- ▶ Possibility for chemical characterization
of size classified samples
