

# DEUTZ XCHANGE®

**DESIGNED TO TACKLE TOUGH CONDITIONS.**

DEUTZ Xchange engines have been designed to maximize production and meet the rigid demands of mining customers, with industry leading ventilation rates, and durability that is second to none.

**Our engines meet MSHA, CANMET, and EPA standards – plus the rock-solid requirements of mining operations across Canada.**

And when it comes to support, you can count on your DEUTZ distributor to get the job done. They have parts on the shelf and dedicated mobile service to maximize your uptime.
