

2nd ANNUAL MINING VEHICLE POWERTRAIN CONFERENCE
Fieldtrip
Holiday Inn Hotel Sudbury, ON Canada

Pre-Conference Field Trip to Epiroc Equipment Manufacturing Plant,
- A world class Mining equipment manufacture

From: Holiday Inn Hotel: 1696 Regent Street, Sudbury ON, Canada

To: Plant visit: Epiroc Equipment Manufacturing, Lively, Ontario

Purpose: *To explore the future of battery electric vehicles (BEV) equipment, batteries and chargers. Tour will consist of observing simulators, BEV mining equipment, shops and demonstration of a LHD scooptram while “mucking”. Epiroc will expand on why the move to BEV is the future.*

There will be two tours available to delegates to select:

Tour #1, October 21, 8:30

Tour #2, October 21, 13:30

1. The maximum number of people on each tour is 15.
2. Delegates should be physically able to do some walking, and assume all risk of injury, loss or damage.
3. Delegates with physical disabilities can be accommodated.
4. *PPE requirements are safety glasses, Hi-Vis top shirt or vest, safety toe boots*
5. Please complete the on-line registration form by October 07, 2024, and preference will be given to those attending the conference. The field trip registration fee of CAN\$100 per person.
6. Delegates are free to travel to the plant using their own mode of transportation or transportation can be arranged via the MDEC Committee. More details to follow.
